STICKER LAW HAS PASSED

Mayor Michael Bloomberg signed the sticker bill into law at a short ceremony at City Hall on April 15. NYAIL Treasurer Rick Duskiwicz was present at the signing, and received one of the pens that were used for the actual signature.

City Hall, April 15

The Department of Sanitation has reported that they have already received several sticker complaints. Rick received a nice surprise when he called 311 to file several complaints after a recent stickering on East 23rd Street. After giving the information on the stickers (all

from the same company), he was told that an inspector would walk the area, and issue summonses based on what he saw. The exact addresses were not needed. That shows that the Dept of Sanitation is very aware of this problem.
