Bob Zbikowski will present Marks' new IQue line of electronic stand-alone systems.
These locks are available in mortise, cylindrical and tubular.
They are also available in versions that are compatible with most of the grade 1 exit devices.

Last month, we were fortunate to get a surprise visit by both Tom Negron, in-house locksmith at the New Jersey State Police, and Bob Gress, in-house locksmith at Temple Hospital in Pennsylvania.

Mr. Negron is the President of the Institutional Locksmiths' Association. Mr. Gress is the Treasurer of the Delaware Valley chapter of the ILA.

Both men spoke of the direction that the ILA is heading, and of a new magazine by the National Locksmith, designed for the institutional locksmith.

Wai Kin Ng and Rick Duskiwicz also spoke with these two down-to-earth locksmiths at length after the September meeting, and were impressed with their passion for the ILA.

The Institutional Locksmiths' Association is very fortunate to have them at the helm.
